Bulletin 3: Scrutineering

Sandblast 2021 Scrutineering location and info

Scrutineering for Cars (including SxS) and Bikes will again be located at Watson's Hot Rod Garage located at 23 Chesterfield Hwy, Cheraw, SC. This year we will implement the following COVID-19 related changes and restrictions to limit unnecessary contact and reduce the risks of exposure.

There will be no logbooks issued during scrutineering hours. If your car requires a logbook, contact your closest scrutineer now to arrange to have it done before Sandblast.

Vehicles presented for scrutineering must already have all required elements in place. No "stickering", repairs, or additions required to pass scrutineering will be allowed while in scrutineering.

Vehicles to be inspected, and crew, will remain outdoors during scrutineering.

We ask that all competitors arriving at the vicinity of Watson's Garage with competition vehicles on/in trailers/trucks park the truck/trailer in the lot marked in green across Chesterfield Hwy from Watson's and drive the competition vehicle to the entrance, or queue line, outside scrutineering on Robey St.

Access to scrutineering areas (outlined in red and yellow on the attached satellite picture) will be limited to scrutineering staff and no more than 2 service crew per vehicle.

All entering the scrutineering areas will wear suitable COVID-19 spread-limiting masks and practice safe distancing.

Entry into the red marked area for Cars will be limited to 2 vehicles and their crews at a time. Entry will be from Robey St (South and East of the outlined areas in the picture). Exit will be onto Chesterfield Hwy (Rt 9).

Entry into yellow marked area bikes Bikes will be limited to 2 motorcycles and their crews at a time. Please have helmet and safety equipment ready to present for scrutineering.

Once the vehicle has been inspected, it should be moved from the scrutineering area. If it did not pass (did not receive a tech sticker), it will be necessary to come back thru once deficiencies have been corrected.

Logbooks will NOT be retained by Scrutineering at this event. The logbook event entry info for Sandblast 2021 should already be completed by the competitor prior to entering Scrutineering.

Preprinted vehicle specific techsheets will already be in the possession of Scrutineering, and will be completed by scrutineering when the vehicle is presented and will be retained by scrutineering.
